In the second part of the journey through the devlog of the site. This time we will discuss some of the new and improved features in the site. An more May 23, 2009 Welcome to a new weekly devlog update! The devlog will highlight some of the features and changes introduced in the game over the past week. We'll also give an overview of some of the upcoming features and changes, since the current build is still in testing. And of course we will have a few of our weekly polls and giveaways, along with a piece of beta news! This week the feature list is quite shorter, as I have not gotten much time for coding but I have been working on the design and layout of the wiki pages, so I'm proud to introduce you to our newest site feature: The Wiki Oct 23, 2008 Congratulations to kosra for being our latest winner of our forums giveaway! We are very glad to see you as a member of our community. April 04, 2008 It's a new week, and new poll! Apr 02, 2008 We have a new winner of our forums giveaway: kosra! Congrats to kosra. You have managed to accumulate the most "points" this week, so we are giving you the prize as a gift from GuardianGame.com! We wish you good luck in the game. Nov 15, 2007 Website Oct 27, 2007 Website Apr 12, 2007 Website November 15, 2006 Greetings, I'm sorry for this late post but I've been busy at work. I've been wanting to start

Should I comment out everything from the above with the exception of those two lines: $myEmblem = Import-Excel "C:\Users\Ragnarok\Desktop\Ragnarok.xlsx" 1 $myEmblem | Export-XLSX -Path "C:\Users\Ragnarok\Desktop\Ragnarok.xlsx" -Filename "GuildEmblems.xlsx" -Workbook I get the following: New-Object : Cannot create an abstract object. At line:1 char:28 + $myEmblem = Import-Excel f678ea9f9e
